

DANGER

Lake Map Clear Lake

PLEASE SEE BELOW FOR A DESCRIPTION OF KNOWN DANGEROUS AREAS IDENTIFIED ABOVE

- 1** NEVER go between the island and the shore. It is rocky, shallow and EXPENSIVE!
- 2** This is the most dangerous spot on the lake. Look for two danger buoys and STAY AWAY!
- 3** If coming east out of narrows heading to Farmer's Beach, swing wide right.
- 4** "The Narrows". Stay between the RED and GREEN buoys and only operate boat at idle speed.
- 5** From McIntosh Boat Ramp all along the shoreline to the Muskie is too shallow & rocky to enter.
- 6** The dock at the "Muskie". Tie up near the end. VERY shallow close to shore.

Look for the "300 feet buoys". It is ALWAYS a no wake zone within 300 ft of shore.

When approaching a boat head-on, always turn to the right.
(Unless of course, the boat facing you turns to his left.)
